## PAINTING GUIDE

### ST-010 - STRAIGHT SEWER DRAIN

#### Step 1

CARDBOARD  
(GT002-CB)

Apply **Cardboard** to the central gravel using a #3 (Painting) brush. Avoid the deeper areas to preserve the depth and texture. Let the paint dry before moving to the next step.

#### Step 2

STONE EDGE  
DRYBRUSH  
(GT002-SE)

Dab a very small amount of **Stone Edge Drybrush** onto a #12 (Drybrush) brush, then brush onto a paper towel to remove excess paint. With a feather light touch, apply over the entire surface of just the cobblestones, leaving the deeper areas unpainted to create texture. Let the paint dry before moving to the next step.

#### Step 3

DEEP LAVA  
(GT002-DL)

Apply **Deep Lava** over the entire surface of the brickwork with a #3 (Painting) brush. Use a lighter touch, leaving the deeper areas unpainted to achieve texture. Let the paint dry before moving to the next step.

## PAINTING GUIDE

### ST-010 - STRAIGHT SEWER DRAIN

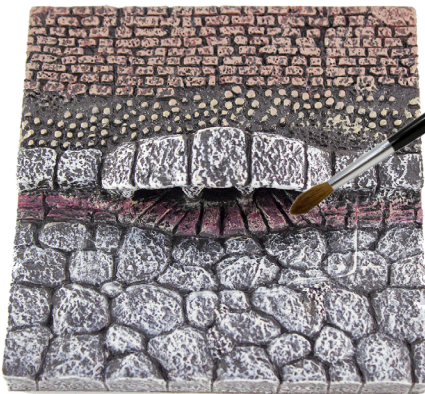

#### Step 4

CARDBOARD  
(GT002-CB)

Dab a very small amount of **Cardboard** onto a #12 (Drybrush) brush, then brush onto a paper towel to remove excess paint. With a feather light touch, apply over the entire surface of just the brickwork to create highlights. Let the paint dry before moving to the next step.

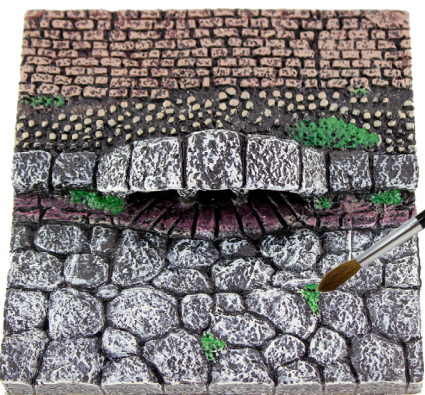

#### Step 5

DEEP LAVA  
(GT002-DL)

Dab a very small amount of **Deep Lava** onto a #12 (Drybrush) brush, then brush onto a paper towel to remove excess paint. With a feather light touch, apply over the surface of only the brickwork along the entrance to the sewer drain. Let the paint dry before moving to the next step.

#### Step 6

SHALLOW WATER  
SEAWEED GREEN  
(GT002-SG)

Apply **Shallow Water Seaweed Green** to the mossy areas on the street using a #1 (Details) brush.

*Pro Tip: If you wish, add a drybrush of **Moss Green** and **Lava Yellow** to these areas to make the weeds pop out.*

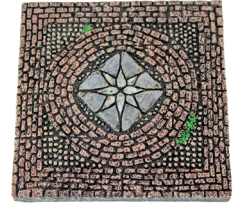

Mix Moss Green with a drop or two of Lava Yellow.

## PAINTING GUIDE

### ST-007 - MOSAIC PLAZA

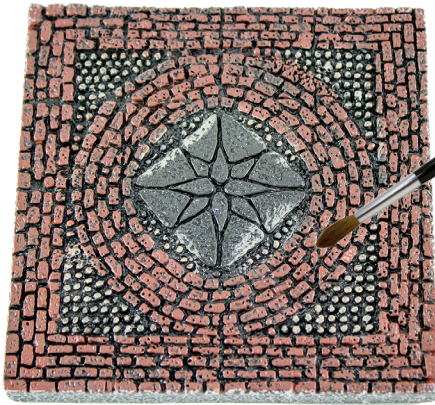

#### Step 1

CARDBOARD  
(GT002-CB)

Apply *Cardboard* to random areas in the center mosaic stones using a #3 (Painting) brush. Avoid the deeper areas of the sculpt, to preserve the texture of the cobblestones. Let the paint dry before moving to the next step.

#### Step 2

DEEP LAVA  
(GT002-DL)

Apply *Deep Lava* to the brickwork using a #3 (Painting) brush, avoiding the deeper areas of the sculpt. Let the paint dry before moving to the next step.

#### Step 3

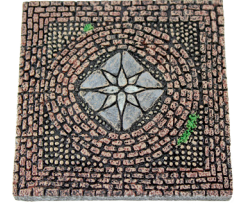

STONE EDGE  
DRYBRUSH  
(GT002-SE)

Dab a very small amount of *Stone Edge Drybrush* onto a #12 (Drybrush) brush, then brush onto a paper towel to remove excess paint. With a feather light touch, apply color over the entire surface of brickwork, to create highlights. Let the paint dry before moving to the next step.

## PAINTING GUIDE

### ST-007 - MOSAIC PLAZA

#### Step 4

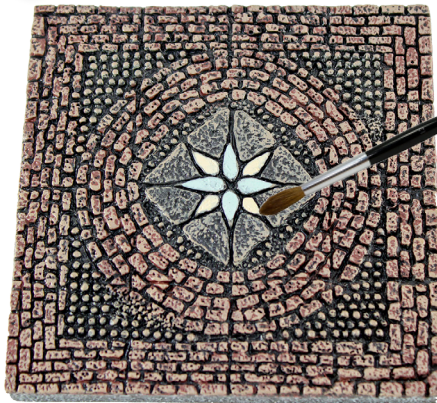

WHITE +  
WATER BUBBLES  
BLUE (12:1)

Apply a mixture of **White** and **Water Bubbles Blue** (12:1) to the central 4 stones of the mosaic using a #1 (Details) brush. Let the paint dry before moving to the next step.

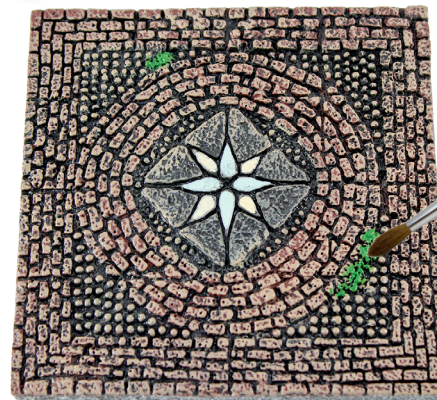

#### Step 5

CARDBOARD  
(GT002-CB)

Apply **Cardboard** to the 4 diagonal stones in the center of the mosaic using a #1 (Details) brush. Let the paint dry before moving to the next step.

#### Step 6

SHALLOW WATER  
SEAWEED GREEN  
(GT002-SG)

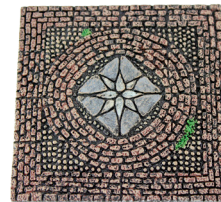

Apply **Shallow Water Seaweed Green** to the mossy areas on the street using a #1 (Details) brush. Let the paint dry before moving to the next step.

## PAINTING GUIDE

### ST-007 - MOSAIC PLAZA

#### Step 7

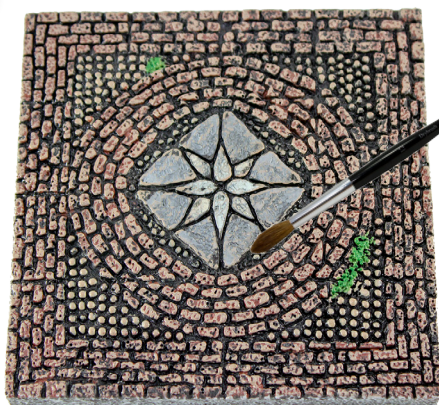

WHITE + BASE  
GRAY (12:1)

Apply a mixture of **White and Base Gray** (12:1) to the outer stones of the center mosaic using a #1 (Detail) brush. Let the paint dry before moving to the next step.

#### Step 8

BLACK  
(GT002-B)

Apply a light coat of **Black** (very diluted with water) to the center mosaic using a wet #12 (Drybrush) brush. Immediately and gently wipe off the excess paint with a paper towel, leaving some of the paint behind. You may decide to use an alternate weathering color such as **Base Wood** or **Earth Stone** instead of black.

Note: Use the same approach for your other street pieces shown here:

Sidewalk 2 x 1
